Date : 2013-01-17

Dear Mr Grigorev

Thank you for using the UKPASS service - the application service for postgraduate programmes in the UK.

Your application to study Business Intelligence and Analytics is now being considered by University of Westminster. You may hear directly from them with more information about their facilities for postgraduate students.

We will let you know by email when we receive a decision from University of Westminster. You can also check the progress of your application online at anytime at www.ukpass.ac.uk using your username and password. Your password was chosen by you at registration and your allocated username is given at the top of this letter. Please remember that your username and password are confidential. You will also be able to access any other UKPASS applications you have made - these will each be identified by a unique application code.

Details of any decision made by University of Westminster W50 will be shown on your application as soon as the decision is received by us. If you need to contact the institution, please wait at least seven days from the date you submitted your application to allow time for them to give it initial consideration.

If you would like to apply to another programme in UKPASS you will need to make a new application but most of the details and information you have already given will be filled in for you.

You have the right to cancel your application. If you let us know within seven days of the date on this welcome letter, we will refund any application fee paid. If you want to cancel after seven days you can do so, but refund of any application fees will be at the discretion of the universities or colleges concerned.

If you need to contact us for any reason, please call +44 (0)871 334 4447 between the hours of 8.30am and 6.00pm (UK time) Monday to Friday and we will be happy to help with any questions you may have.

On behalf of UKPASS I wish you every success with your application.

Yours sincerely

Mary Curnock Cook OBE
