Dear Alexey Grigorev (TMO no. 36777),

It is our pleasure to inform you that **you have passed the first stage** in the selection procedure for the Amandus H. Lundqvist Scholarship Program (ALSP) at Eindhoven University of Technology.

There are 4 main stages to the scholarship procedure:

1. The Department/Faculty Admissions Board nominates candidates.
2. The TU/e Scholarship Selection Committee (the central selection board that compares nominations from all faculties) decides which candidates may enter stage 3.
3. Selected students complete a questionnaire on their personality and characteristics.
4. The answers to the questionnaires are analysed and the TU/e Scholarship Selection Committee will decide which students will be offered an ALSP scholarship.

You have passed the first stage in the selection procedure, which means that the Department/Faculty Admissions Board for the TU/e Master's program Computer Science and Engineering has recommended you to the TU/e Scholarship Selection Committee.

What happens now?

In the coming weeks the TU/e Scholarship Selection Committee will review your application and decide if you can enter stage three of the selection procedure.

If they decide that you may enter the third stage of the selection procedure, **you will be sent an email in the last week of March 2013** with full information on how to fill in the online questionnaire.

You will be given one week to complete and return the questionnaire (although it will only take about half an hour to fill in the questionnaire).

Full information on the content of the online questionnaire will be sent to you at the same time as the questionnaire.
